Thank you for your interest in the role of Development Officer in the Development & Communications Team at UNEP-WCMC

The role will provide oversight of UNEP-WCMC’s institutional and statutory fundraising efforts, alongside supporting the design and development of project proposals for key strategic initiatives under UNEP-WCMC’s brand new strategy.

As an experienced fundraiser with a strong background in project design and development, you will have the opportunity to join a successful and growing fundraising team whilst working closely with programme teams across UNEP-WCMC. You will coordinate all approaches and relationships with governments and large institutional funders and have a leading role in ensuring staff across the organisation have the capability for strong project design. You will be a natural communicator who will enjoy building strong relationships. With a strong attention to detail and collaborative working experience, you will excel in developing impressive and compelling written and verbal proposals, reports for donors and project design and development.
ABOUT THE TEAM

The Development & Communications team increases the visibility and reach of, and secures funding and resources for, the critically important work of UNEP-WCMC. We build the awareness and profile of UNEP-WCMC as a global Centre of excellence on biodiversity and nature’s contribution to society and the economy. Our goal is to maximise the impact of the Centre’s work to deliver transformative change for people and planet.

Our growing team of 11 people encompasses fundraising, communications, events, strategic impact monitoring and marketing. Together we work with all of the programme teams across the Centre and with partners to build the knowledge, tools and capacity needed to design, fund, promote and deliver our projects as well as monitor the collective impact of our efforts.
ABOUT THE ROLE

Job Description

In response to significant recent success in fundraising for UNEP-WCMC, we are looking for an experienced institutional and statutory focussed Development Officer to join our growing Development and Communications team. In this exciting newly created role, you will be responsible for working directly with programme teams to design and develop project proposals for key strategic initiatives under UNEP-WCMC’s brand new strategy. You will have a leading role in ensuring staff across the organisation have the capability for strong project design. You will also oversee and coordinate all approaches and relationships with governments and large institutional funders.

You will have excellent written and oral communication skills and be a confident writer of accurate and compelling proposals and reports. You will thrive in an environment where you can use your knowledge of project design and development to help others learn, succeed and flourish. You will also have a proven track record in securing funds and meeting financial targets. Experience in securing funds from both national and international institutions is desirable, as is experience of working within an environmental conservation or international development context.

We are looking for an individual who is committed to conservation and the environment, and who will be inspired by our vision to protect and restore the natural world.

Key Areas of Responsibility

Programme Development:
- Build capacity across UNEP-WCMC for high quality programme and project design via training, workshops and individual support.
- Support programme teams to design and develop compelling project proposals for funding.

Relationship Management:
- Manage the Centres’ portfolio of institutions and statutory funding bodies ensuring individual accounts are managed effectively with both institution and Centre requirements met.
- Develop and implement individual cultivation and solicitation plans for institutions to raise maximum income for UNEP-WCMC.
- Work with programme teams to develop accurate and compelling communications for institutions including written proposals, presentations, reports and online information.
- Support the management of our CRM database, including for prospect management and tracking of key performance indicators.
- Work closely with colleagues to support the development and management of their relationships with institutions/statutory bodies and networks.

Strategy:
- Support the Fundraising Officer and Head of External Affairs with implementation of the fundraising plan for the Centre, and track and evaluate progress on an annual basis against the organisational strategy and annual budgets. Taking the lead on developing the institutional fundraising plan.
• Coordinate internal decision making on strategic approaches to institutional and statutory funders.
• Assist in weekly and monthly reporting across a range of key performance indicators associated with fundraising.
• Ensure an ongoing pipeline of new funding opportunities by undertaking research to identify funding potential, establish best project fit and most effective method of engagement.
• Work with the Development and Communications team, finance and programme teams to identify projects with funding shortfalls and institutional priorities which will direct specific fundraising activities.
• Work with the Fundraising Officer and programme teams to coordinate fundraising approaches across the Centre.

Other:
• Keep abreast of key fundraising trends and issues and the regulatory environment around fundraising, ensuring that standards are set, procedures followed, and issues acted upon or communicated to all staff and others as appropriate.
• Stay abreast of current conservation practice through constant liaison with programme teams, and attending seminars, team meetings etc. as relevant.
• Assist in the planning and implementation of opportunities to engage with donors e.g., fundraising events, seminars, conferences.
• Adhere to relevant fundraising legislation, including compliance with the Fundraising Regulator’s guidelines.
• Ensure adherence to Data Protection legislation and UNEP-WCMC policies and procedures relating to the processing and storing of data.

Other Duties
• Undertake any other duties as may reasonably be required in this post.

The UN Environment Programme World Conservation Monitoring Centre (UNEP-WCMC) is a global Centre of expertise in biodiversity. We work at the interface of science, policy and practice to tackle the global crisis facing nature.

The Centre operates as a collaboration between UN Environment Programme and the UK registered charity WCMC. Our cutting-edge science, data and insights inform policy and business decisions worldwide. This position is with the charity WCMC, working in collaboration with UNEP.

Achieving our vision of a world living in harmony with nature will require transformative and systemic change across all sectors. We bring together governments, businesses, research bodies and more to put nature at the heart of decision-making.

"We are entering a make or break decade for nature with UNEP-WCMC set to play a pivotal role in ensuring humanity finally begins to reverse the catastrophic loss of biodiversity globally."

Jonny Hughes, CEO of WCMC
Our strategy

We deliver our strategy through four independent impact areas which are complemented by three cross cutting innovation areas.

VISION 2050
Living in harmony with nature

MISSION
We develop knowledge and capacity for a nature-positive world
We have around 180 amazing people who make up our organisation. We are a really friendly bunch of professionals and do not think a single person has ever left the organisation without saying that it is the people that make the organisation fantastic and how much they will miss them when they leave. We truly do have world class scientists and professionals!

Our culture is very supportive. There are lots of ups and downs in life, and we want to support our people through the difficult patches, so they can flourish again. We have a free employee assistance line that is available to all employees and their families and offers 6 remote counselling sessions and other advice services.

We have redesigned our kitchen and library to make a fantastic social space where you can have a quiet chat or a loud lunch with your colleagues! We also have tea every Wednesday afternoon, with locally homemade cakes and catch up with everyone and everything that is going on in the Centre.

We are affiliated with Cambridge University, and have rooms in the David Attenborough Building that we can use when we wish. We are also a member of the Cambridge Conservation Initiative and often collaborate with our CCI colleagues here.

WCMC attaches great importance to addressing safeguarding and ethical considerations in all activities carried out by its staff, including where partner organisations or individuals are part of the delivery of our work. This includes children and vulnerable adults in the community who may be vulnerable to abuse. WCMC acts with integrity, is transparent and expects applicants to share the same values.

We really take our diversity seriously, as we operate globally and need to have the people perspectives within the organisation, to fully understand our clients and partners that we work with. Our aim following the introduction of the points based immigration system was to increase our diversity not only in our range of nationalities, but in all protected characteristics (age, disability, gender reassignement, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex).

We have a sponsorship licence and always take the best candidate for the role from a whole range of applicants and offer sponsorship to those that require it. We have people that have worked for us, for more than 30 years, and our fantastic internships often attract the best and brightest graduates.
